Many RTP companies are already hosting events, creating employee resource groups, and investing time and resources in inclusive projects, hiring practices and more. We believe that by collaborating, Park companies can:

**Establish**

a network of professionals who share the same interests and goals for DEI.

**Connect**

with regional efforts in the Triangle to showcase the Park as a diverse and welcoming center of business.

**Integrate**

DEI actions within our organizations with a focus on anti-racism and social justice for marginalized groups.

**Scale**

existing events and programs to create a bigger, broader impact for the 55,000 people working in RTP.

**Amplify**

visibility and engagement for existing DEI initiatives in RTP.

**Champion**

Park companies who are working to begin or scale their DEI efforts.

By working together, we can showcase RTP as a welcoming center of business in the Triangle.

**NOW IS THE TIME FOR RTP COMPANIES TO COLLABORATE ON DIVERSITY, EQUITY AND INCLUSION (DEI).**
By amplifying our DEI values, we can create opportunities that better serve the skilled talent our companies are hiring, helping with recruitment and retention.

Additionally, it is crucial to recognize that the next generation of leaders not only values, but represents, a diverse and equal workforce. It is imperative that we create equitable and inclusive spaces for tomorrow's leaders to thrive.

As we break down the silos across RTP companies to collaborate and syndnergize our efforts, we will all benefit from the resulting advancement in talent attraction, contributing to better business outcomes for all.
